Please provide any further details which you feel may assist in the processing of your claim:

This formal claim is a follow-up to an original letter dated October 7, 2017. Since then, we have been busy trying to get two quotes each for the replacements and repairs required for the damages that occurred during Pearson's move. Unfortunately, furniture carpenters are both scarce and busy in this area, and it turned out that the damaged bicycle chain guard cannot be replaced by any chain guard model sold in the USA (according to three different local bike shops), and thus we had to get quotes from Sweden (Europe). For the damaged ceramics, we have only requested a quote from the potter that made the goods, since no-one else can replace them.

Photographic documentation of all the damages can be found at www.stervander.com/pearson. Quotes for all the replacements/repair work are attached. We attach receipts for the cabinet and bike; purchase info details for the sideboard (we do not have the receipt scanned); for the ceramics, the original prices are stated in the quote.

As for signed delivery receipt, as far as we know, we signed and this documentation was brought back by the delivery movers! We presume that this should be easy for Pearson to retrieve. The sideboard and cabinet damage had been noticed by the delivery movers, probably also the bike. The damage on ceramics was discovered upon unpacking.

I/we declare the above particulars and statement to the best of our knowledge to be true.

Please complete the schedule of damaged/missing items with as much detail as possible:

Description of damage	Lost or damaged	Packed by Owner / Contractor	Date purchased	Original cost (£)		Replacement cost (£)		Repair cost / Amount claimed	
Pottery set from Tomas Drejare: 2 large glazed tea mugs; 3 mugs; 6 side plates; 6 small bowls. All shattered due to improper packing.	Damaged (entirely shattered)	Contractor	Incrementally during 2012–2016	SEK 3,220 ≈ £ 293 for the damaged parts of the set		SEK 4,070 ≈ £ 370			
Sideboard Holger, oak (Mio): One leg damaged.	Damaged	Contractor	2015	SEK 6,995 ≈ £ 636				\$ 283–375 ≈ £ 215–284	
Display cabinet Holger, oak/glass (Mio): One of the two tempered glass shelves shattered.	Damaged	Contractor	07/18/2014	SEK 7,995 ≈ £ 727				\$ 61–75* ≈ £ 46–57*	
* We would really prefer if the contractor quoting the higher amount did this, since they (1) made more accurate measurements of the remaining shelf, and (2) do it themselves on site. The other company were less careful with measurements and outsource the work.									
Bicycle, 8 gears (Crescent): Chain guard broken	Damaged	Contractor	10/22/2010	SEK 6,995 ≈ £ 636				SEK 812–850 ≈ £ 74–77	
Total amount claimed (£GBP)								705–788	

I declare that the above details are correct and I agree to provide any further information or assistance which may be required relative to this claim.
